INVENTORY & PURCHASE ORDERS

- Purchase Order Browse Table now allows sorting of Purchase Order by Vendor Code in Invoice Number order when clicking on Invoice column.

STREET TREE INVENTORY

- Added Drop-Down Boxes for Street, On, From, To fields if STREETNAMES.TXT file exists in data folder. These Drop-Down Boxes will appear on all data entry and report screens.

PERSONNEL & LABOR ACTIVITY RECORDS

- Added Email tool to both Personnel Browse Table and Employee - Add/Edit/Delete screen.
- Modified Employee Training reports to show future scheduled training.

EQUIPMENT & PROPERTY MAINTENANCE

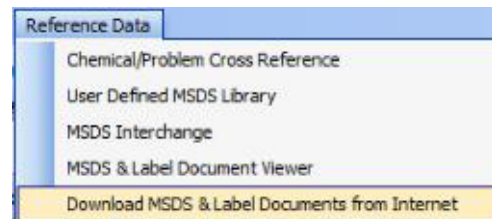

- Record Equipment Usage on SmartPhones or any computer with Internet Access and transfer Usage back to TRIMS to help stay on top of Equipment Usage.

- Work Order Browse Table - Added Equipment Group Column and ability to sort Work Orders by Equipment Group.
- Work Order Browse Table has an Active Only button to hide completed work orders as well as a Calendar Tool to assist when selecting dates for reports.
- Tab renamed on Equipment/Property - Add/Edit/Delete screen from Filter & Plus to Service Parts.
- Added additional Textron PM Schedules and Checklists.

CHEMICAL & FERTILIZER APPLICATION RECORDS

- MSDS's & Label Internet Download Links in TRIMS Chemicals Reference Data have ALL been updated for 2011.

- Work Crew Picker added to the Chemical Application.
- Attach Documents Tab has been added to the Chemical Application so detailed Photos & Documents can now be added.
- Chemical Product Usage Report added.
- Supervisor Name and Applicator License Information can also be pre-printed on Chemical Application Work Sheets.
